

NeoBarcino Technical Wood

UM304NMTP

Bench made with ductile iron legs treated with Ferrus, a protective process that guarantees high resistance to corrosion.

Ref.	A	B	H	H1
UM304NMTP	1800	710	825	450
UM304NSMTP	700	710	825	450

Materials:

The Ferrus treatment consists of three layers applied after shot cleaning all impurities: an electrolytic bath, an epoxy coating and a martele grey polyester paint coating.

Six 110x35mm slats made of a mixture of **100% recycled materials** (Technical Wood) composed by **recycled wood (60%), recycled polymers (35%) and anti-UV pigments (5%)**. ECO-FRIENDLY, comes from recycled and recyclable material. Without maintenance. Does not crack, splinter, rot nor dry. Resistant to humidity and bad weather conditions. Long-lasting and resistant.

Recommended anchoring: by means of M10 bolts depending on the surface and the project.

The constant improvement and evolution of our products may result in some modifications of the technical specifications and characteristics of the products without prior notice.
